September and October, 2018

A couple days ago I was talking with the other NTCP missionary builders here in Montalba, Texas about sending out prayer letters and realized that ours was way overdue.

Time flew by this last couple of months. In September we worked on the interior framing, decking and metal roof, and the vinyl siding for the foyer and classrooms addition at Granite State Baptist Church in Concord, New Hampshire. We labored with fellow NTCP workers Dewain and Linda Crouch along with a lot of people who God directed to help. Besides many folks from the church Leonard Soncrant came and greatly helped for a few days. Steve and Deb Worrell who are members at Granite State Baptist Church were there every day after work and on Saturdays. George Newton was also a tremendous help during September. All the before mentioned folks continued to labor to complete the building after we had to leave the first part of October.

On our way home we headed down the East Coast stopping at Mountain View Baptist Church of Hagerstown, Maryland, then went on to Prince George, Virginia and presented the ministry to the folks at Faith Baptist Church. Both congregations were very gracious to us during our visit.

Our Home Missions Conference at Wilson Creek Baptist Church always starts the third Tuesday in October. Mary and I help with meals and any other way we can during this time of ministry. Our home church hosted pastors from across the country, raising monies for their works. After the missions conference we had a few days to relax and recuperate prior to pulling our trailer to Montalba, Texas.

Please pray that the Lord will send laborers into this needed field of church construction, we have plenty of work.

Our future plans help Bible Baptist Church in Montalba, Texas complete their building and to take side trips to other works as the Lord directs.
