

Ecclesiastes 3:1 To **everything** *there is* a season, and a time to every purpose under the heaven:

The words “**everything**” certainly opens our minds to a vast array of circumstances. Recently it seems that as soon as one event attracts our attention many other side issues cloud what would seem to be a simple endeavor.

New Testament Church Planting lost a great servant when Wayne Murphy went home to be with the Lord. The Murphys spent fourteen years working, building churches during sickness and health. Spending time away from their beautiful home in Colorado, they went from church to church living in an RV. Wayne will be greatly missed but heaven is his reward.

Fall is upon us and our crews are finishing up in the northeast. They are traveling to the Midwest to spend a few weeks making some needed repairs and to help our newest team members Steve and Debbie Worrell get their truck and RV ready to go.

The ministry has been offered another building in North Carolina and is in the process of seeking God’s will to find a church planter to go and take this opportunity to plant a church.

We have been very encouraged to hear several reports of churches that have grown during this troubled season. We certainly do not control the future or “**everything**” that will transpire but our confidence rests in our almighty God.

I encourage you to be actively and sincerely involved, first as a child of God and also as a citizen of the United States of America.

Thank you for your prayers and support of this ministry.

Pastor Randall Moody
